02 // CAREER TIMELINE & AI INTEGRATION (2015 — 2026)

FRAME 001: MEOW STUDIO (Oct 2015)
Light Assistant. Mastered lighting physics, parabolic modifiers, optical falloff, color temperature, and strict studio digital negative asset handling protocols.

FRAME 002: INDEPENDENT WEDDINGS (Jan 2016)
Lead Traditional & Candid Photographer. Perfected candid documentary timing, authentic skin tones under erratic ambient lighting, and high-volume event curation.

FRAME 003: WECLIK — BUILDING SCALE (Jun 2017–2021)
Co-Founder & Creative Lead. Scaled WECLIK (weclik.in) from regional weddings to 20+ multi-day luxury weddings annually with cinematic film grading and studio teams.

FRAME 004: ADOBE CC AI & EVOTO ADOPTION (2022–2023)
Early adopter of Adobe Firefly & Photoshop Generative Fill for commercial set extensions and backdrop synthesis. Integrated Evoto AI for batch frequency separation, facial landmark refinement, and AI masking across massive 1000+ photo deliveries.

FRAME 005: AI AD COPYWRITING & PRE-LIGHTING (2024)
Used ChatGPT & Google Gemini as creative writing collaborators for commercial ad copies (e.g. craft beer brand expansion campaign from Goa to Bombay). Integrated 3D virtual lighting software to simulate studio diagrams, lighting ratios, and modifiers before arriving on set.

FRAME 006: WELEAD GLOBAL & BESPOKE AI PIPELINES (2024–2026)
Founded talent management agency WeLead (weleadglobal.in) under WE Group, inspired by INEGA, scaling 58+ models, actors, and creatives. Engineered custom Python RAW sorting & Gemini API outreach engines to automate talent onboarding and commercial pitching in Mumbai.
